

MUSTAFA ABUABL

Frontend Developer | React, Next.js

+201119706667 | eng.mustafa@hotmail.com | e-mustafa.github.io/portfolio | linkedin.com/in/e-mustafa

SUMMARY

Frontend Developer with hands-on experience in building responsive, mobile-first, and high-performance web applications using React, Next.js, Tailwind CSS, and JavaScript. Skilled in translating complex UI/UX designs into pixel-perfect interfaces, integrating RESTful APIs, and ensuring cross-browser compatibility. Adept at performance optimization, version control (Git/GitHub), and delivering scalable, maintainable, and user-focused solutions in collaboration with cross-functional teams. Experienced with Agile methodologies, Scrum practices, Single Page Applications (SPA), and Component-Based Architecture.

SKILLS

Programming Languages: HTML, CSS, JavaScript

Frameworks & Libraries: React, Next.js, Alpine.js, Node.js, Express

Databases: MongoDB

Styling Tools: Tailwind CSS, Bootstrap, Material UI, Sass

Tools & Platforms: Git, GitHub, Redux, RESTful APIs

Soft Skills: Analytical Thinking, Problem Solving, Teamwork, Stress Management

EXPERIENCE

Frontend Developer | SLLM for E-commerce | Riyadh, Saudi Arabia | Jul 2024 – Present

- Delivered a high-performing, multi-vendor e-commerce platform front-end that boosted user engagement and seller onboarding efficiency.
- Achieved flawless UI/UX implementation, ensuring a pixel-perfect and fully responsive experience across all devices.
- Enhanced platform speed and scalability by optimizing API integrations and streamlining frontend-backend communication.

Frontend & Backend Training | SEF Academy | Cairo, Egypt | Sep 2023 – Dec 2023

- Completed intensive training in both front-end and back-end development through two large-scale projects, including a fully integrated educational platform.
- In the front-end track, delivered high-quality, pixel-perfect, and fully responsive application interfaces fully aligned with provided UI/UX designs, implementing reusable UI components and utilizing Redux for state management.
- In the back-end track, developed robust RESTful APIs and implemented API integration to connect the front-end with the back-end, ensuring seamless data exchange and reliable application functionality.
